LOTUS GROUP OF INSTITUTES, BAREILLY
IMPORTANT QUESTIONS

Disclaimer: The Important Questions provided in this document are only for reference and practice purposes. Lotus College does not guarantee that these questions will appear in the University examination. Students are advised to prepare the complete University syllabus. The syllabus can be downloaded from University Website.

Course: BBA	**Semester:** 1st
Subject Code: RU-BBA106	**Subject Name:** Computer Application

Section – A

In **Section A**, all questions carry **2 marks.** The students must answer each question in approximately **100 words.**

S.No.	Question	Year	Unit
1	Define a digital computer and its limitations.	2021-22	2
2	What is cache memory? Explain its role?	2021-22	1
3	What are low level languages? Explain?	2021-22	2
4	Define computer network? Name the different types of networks.	2021-22	5
5	What is URL? Explain its components?	2021-22	5
6	Define a computer and its applications.	2023	1
7	What is an operating system?	2023	2
8	What are personal computers in Business?	2023	2
9	What is CUI and GUI?	2023	2
10	Define database management system.	2023	5
11	Software Development Process.	2024-25	1
12	Disadvantages of Flowcharting.	2024-25	1
13	CUI & GUI.	2024-25	2
14	Compiler & Interpreter.	2024-25	2
15	Real Time Operating System.	2024-25	2
16	Role of Database Manager.	2024-25	5
17	Graphics on Spreadsheet.	2024-25	3
18	LAN, WAN & MAN.	2024-25	5
19	Master & Transaction File.	2024-25	4
20	Digital & Analog Computer.	2024-25	2
21	What are the basic components of a computer system.	2025-26	1
22	Define a flowchart mention its importance.	2025-26	1
23	What is Data Processing?	2025-26	1
24	State the functions of operating system.	2025-26	2
25	Differentiate between CUI and GUI.	2025-26	2
26	What is a spreadsheet? Give any two uses.	2025-26	3
27	Define Master file and Transaction file.	2025-26	4
28	Advantages of database management system (DBMS).	2025-26	5
29	Define Real-Time Processing with an example.	2025-26	5
30	What is LAN?	2025-26	5
31	What is a computer? State its basic characteristics.	-	1
32	What is a program development cycle?	-	1
33	What is an input device? Give examples.	-	1

34	What is an output device? Give examples.	-	1
35	Define software.	-	1
36	What is multitasking?	-	2
37	What is multiprocessing?	-	2
38	What is time-sharing operating system?	-	2
39	What is MS-Word?	-	3
40	What is a formula in spreadsheet?	-	3

Section – B

In **Section B**, all questions carry **10 marks.** The students must answer each question in approximately 3**50 words.**

S.No.	Question	Year	Unit
1	What is an operating system? Explain the main functions of an O.S.	2021-22	2
2	Define a database system. Explain the components of a data base system briefly.	2021-22	5
3	What are the seven steps of software development process? Explain each of them.	2021-22	1
4	Explain the process of software development.	2023	1
5	Give a brief description of classification of digital computers.	2023	2
6	What is a flow chart explain with example and mention its symbols.	2023	1
7	Explain the use of computers in Business Management.	2024-25	1
8	Explain Data Processing. Also explain the types of Data Processing.	2024-25	1
9	What is DBMS? Explain different types of DBMS.	2024-25	5
10	What is Operating System? Explain the functions of Operating System.	2024-25	2
11	Explain Software Development Process.	2025-26	1
12	Discuss the role of computers and data processing systems in modern business organizations.	2025-26	1
13	Explain Online and Offline processing.	2025-26	5
14	What is MS Office? Explain its all components with example of each.	2025-26	3
15	Explain different types of files and their uses in Programming.	-	4

Section – C

In **Section C**, all questions carry **7 marks.** The students must answer each question in approximately 85**0 words.**

S.No.	Question	Year	Unit
1	Draw the block diagram of a computer system and explain the function of each component. Also give names of any 5 input devices and 5 output devices.	2021-22	1
2	What is a flow chart? Explain the purpose of boxes of different shapes used in a flow chart. Also draw a flow chart to find largest number among 3 random numbers.	2021-22 (OR)	1

3	What do you understand by Network Topologies? Draw the diagrams and explain features of different type of topologies used in LAN.	2021-22	5
4	Write short notes on: (i) Time sharing (ii) Multitasking (iii) Multi processing.	2021-22 (OR)	2
5	(a) What is MS-Word, explain its salient features. (b) What are the different facilities available in page layout menu, explain in detail.	2021-22	3
6	(a) What is a spread sheet? Explain the main facilities available in MS-Excel. (b) What are the different types of charts (graphs) available in MS-Excel, explain.	2021-22 (OR)	3
7	What is a computer network? Explain types of networks in detail.	2023	5
8	Define data communication and discuss about network topologies in detail along with their diagram.	2023 (OR)	5
9	What is a spreadsheet? How it is created and discuss about application, range, formulas and function in spreadsheet.	2023	3
10	Describe the steps in creating a presentation along with presentation graphics.	2023 (OR)	3
11	What do you understand by Windows operating system? Explain its features and advantages.	2023	2
12	Discuss in detail about all input output devices in a computer system along with their features.	2023 (OR)	1
13	What is Programming Language? Explain different types of Programming Language with examples.	2024-25	1
14	Explain the following: (i) Router (ii) Modem (iii) Bus (iv) Network Interface Card.	2024-25	5
15	What is MS-Office? Explain all its components with example of each.	2024-25	3
16	Explain the presentation tips and steps of power-point in business presentations.	2025-26	3
17	Describe the different computer languages with their advantages and limitations.	2025-26	2
18	What do you understand by networking topologies? Explain the features of different type of topologies used in LAN?	2025-26	5
19	Explain file design and report design in detail. Discuss different data file types.	-	4
20	Explain Master File and Transaction File. Discuss Data Hierarchy with suitable examples.	-	4
21	Explain different methods of file organization and discuss the use of files in programming.	-	4
22	Explain Database Management System and Database Manager in detail. Discuss the relevance of DBMS in business.	-	5
